

PLEASE READ CAREFULLY. SEVERAL MAJOR CHANGES
HAVE BEEN MADE.

2nd Qtr Expectations Precalculus/Nashid

2nd Qtr - Grade Components

Tests.....	35%
Quizzes.....	25%
Homework.....	20%
Groupwork.....	10%
Special Assignments.....	10%

Students will be allowed to retake *One* Test during 2nd Qtr (provided they do not have ANY missed homework or were absent & made up the original). They must do so only after school **ON A MAKEUP DAY** which is the closest date from the date return of their graded test.

Frequent

Each homework assignment is worth 100pts. To receive full credit for most assignments it must be properly headed, neat, **show all work in pencil and be corrected in non black ink**, and be submitted **on time** (unless due to excused absence). Students are required to come at lunch and get makeup slip for absence the day of their return to school.

Cooperative learning will increase as an integral part of the class activities. All cooperative assignments must be made up for credit if absent &

Students will be required keep a sample of Example problems from class and text. The problems must be kept in a 2 pocket notebook (**no exceptions**) and submitted upon request. Details concerning technical requirements for this component will be given in class and a description will be posted on the website along with an evaluation form. The spiral must be produced on demand and kept updated.

Special Note: All students are required to keep an organized notebook that contains all materials covered in the current quarter (I have suggested they keep the quizzes and Tests from 1st quarter for their exams and the corrective analysis component of their special assignment for next quarter). If an item is requested, students must be able to locate it immediately and submit regardless of how long ago it was assigned within the current quarter. Reading of the text and taking notes from the text and in class is also required. Effective notes include definitions and examples. **TUESDAY PRECALCULUS** goes 1st during help night & Thursdays it will be Algebra I. ALL STUDENTS MAY COME ON THOSE DAYS FROM 2:45PM TO 4:00PM IF THEY ARE WILLING TO WAIT FOR THE DESIGNATED GROUP TO FINISH. APPOINTMENTS CAN STILL BE MADE MONDAY THROUGH THURSDAY AT LUNCH FOR HELP. **** Please note that I will not send notification that students have not submitted signed quizzes or test via DTs anymore. Please call OR check Power School to check on progress if you do not see graded papers regularly. (363-8536) 2nd Qtr progress reports will be distributed as last quarter.**

If you have any questions ask before due dates.
